

## QUARTERLY PRODUCTION STATISTICS

	Quarter ended				% Change (Quarter ended)		
	31 December 2010	30 September 2010	30 June 2010	31 March 2010	31 December 2009	31 December 2010 v 30 September 2010	31 December 2010 v 31 December 2009
<b>Platinum segment</b>							
Platinum (troy ounces)	872,400	697,000	553,800	446,700	766,000	25%	14%
Palladium (troy ounces)	502,600	404,500	294,400	247,000	426,300	24%	18%
Rhodium (troy ounces)	111,400	88,600	67,300	61,600	93,900	26%	19%
Nickel (tonnes)	5,000	4,300	4,800	4,400	5,300	16%	(6)%
Equivalent refined platinum (troy ounces)	640,100	648,300	600,900	594,700	603,900	(1)%	6%
<b>Diamonds segment (De Beers) (diamonds recovered – carats)</b>							
100% basis (Anglo American 45%)							
Diamonds	8,532,000	9,033,000	8,420,000	7,012,000	10,124,000	(6)%	(16)%
<b>Copper segment (tonnes)<sup>(1)</sup></b>							
	154,400	153,400	154,700	160,800	185,900	1%	(17)%
<b>Nickel segment (tonnes)<sup>(2)</sup></b>							
	4,400	5,700	5,300	4,800	4,900	(23)%	(10)%
<b>Iron Ore and Manganese segment (tonnes)</b>							
Iron ore <sup>(3)</sup>	11,807,700	11,819,200	11,458,700	12,328,700	12,407,200	–	(5)%
Manganese ore <sup>(4)</sup>	731,600	848,800	688,400	684,000	615,000	(14)%	19%
Manganese alloys <sup>(4)(5)</sup>	76,800	79,600	87,200	68,400	52,000	(4)%	48%
<b>Metallurgical Coal segment (tonnes)</b>							
Metallurgical	3,651,300	3,971,000	3,797,900	3,281,600	3,805,500	(8)%	(4)%
Thermal	3,727,500	3,413,000	3,970,200	3,349,800	3,487,400	9%	7%
<b>Thermal Coal segment (tonnes)<sup>(6)</sup></b>							
Metallurgical	103,000	111,700	110,400	111,400	130,500	(8)%	(21)%
Thermal	8,200,700	8,240,300	7,813,000	7,418,100	7,785,400	–	5%
Eskom	9,484,800	10,431,300	8,275,300	8,212,000	8,448,400	(9)%	12%
<b>Other Mining and Industrial segment (tonnes)<sup>(7)</sup></b>							
Metallurgical coal	240,200	226,400	206,700	194,700	149,900	6%	60%
Thermal coal	48,600	129,900	89,900	173,000	310,200	(63)%	(84)%
Zinc	77,300	93,700	91,000	87,700	86,500	(18)%	(11)%
Lead	18,200	22,200	15,400	15,400	18,900	(18)%	(4)%
South Africa Steel Products	151,000	180,000	197,000	182,000	167,000	(16)%	(10)%
International Steel Products	200,400	215,000	188,800	190,000	177,000	(7)%	13%
<b>Coal production by commodity (tonnes)<sup>(6)</sup></b>							
Metallurgical	3,994,500	4,309,100	4,115,000	3,587,700	4,085,900	(7)%	(2)%
Thermal	11,976,800	11,783,200	11,873,100	10,940,900	11,583,000	2%	3%
Eskom	9,484,800	10,431,300	8,275,300	8,212,000	8,448,400	(9)%	12%

<sup>(1)</sup> Excludes Platinum and Black Mountain mine copper production.

<sup>(2)</sup> Excludes Platinum nickel production.

<sup>(3)</sup> At 31 December 2009 Amapá was not in commercial production and therefore to this date all revenue and related costs were capitalised. Commercial production commenced on 1 January 2010.

<sup>(4)</sup> Saleable production.

<sup>(5)</sup> Production includes Medium Carbon Ferro Manganese.

<sup>(6)</sup> Zibulo (previously Zondagsfontein) is currently not in commercial production and therefore all revenue and related costs associated with 1,662 kt (2009: 119 kt) of production have been capitalised. The 1,662 kt includes Eskom coal of 765 kt (2009: 33 kt) and export thermal coal production of 897 kt (2009: 86 kt).

<sup>(7)</sup> Excludes Tarmac, Copebrás and Catalão.
